

Services

- Olive Oil Testing including polyphenols
 - Polyphenols
 - Acidity
 - Peroxides
 - UV
 - Fatty acids
 - Sterols
- Volatile Organic Compound (VOC) Testing
 - Carb 310 for consumer products
 - EPA 24 for paints and other matrices
 - Pesticides VOC by TGA for California compliance
 - Vapor pressure
 - Paints, Adhesives, Cleaners
- Biodiesel
 - Steryl glucosides in biodiesel
 - Free and total glycerine in biodiesel/diesel mixture
 - Fatty acids
 - Sterols
 - Biodiesel content in diesel by FTIR
 - Unknown precipitates in biodiesel
- Unknown Identification
 - Paints, Adhesives
 - Gases
 - Trace Gas Analysis
 - Fibers
 - Plastics, Rubber
 - Polymers, Additives
 - Particles, precipitates
 - Contamination of
 - Fuels
 - Lubricants
 - Water
- Petroleum
 - Additives, antioxidants
 - Contamination
 - Identification
- Consulting
 - Instrumentation Set Up
 - Expert Witness
 - Fire accelerants
 - Patent infringement
 - Product development
 - Method development
